

Good Morning,

On Saturday, March 19, 2016 there will be a rabies clinic at River Road Veterinary Clinic. I will be there from 12:00 until 2:30 licensing dogs during this time.

If you would like to get ahead of the April 1, 2016 deadline for licensing your dog please feel free to stop by.

Items you will need are:

1. a valid rabies certificate
2. proof of neutering or spaying
3. either \$9.00 or \$13.00 depending on whether your dog has been spayed or neutered. (cash or check only)

I will have records with me so if your dog has been vaccinated within the last three years and you have filed your certificate with my office you will only need to come in and register your dog. If I do not have this information on file and you forget to bring in your current certificate I will not have the ability on Saturday to license your pet.

If you think I have a certificate on file but are not quite sure please, feel free to contact the office at 802-649-1419 ext. 103.

The deadline to license your dog is April 1, 2016. Please try to license your dog before this date.

As always, thank you all very much.

Bonnie J. Munday
Norwich Town Clerk
