

**Norwich Planning Commission
Minutes January 19, 2005, Tracy Hall
Approved 3/16/05**

Present: Daniel Johnson, Chair, Jeff Mathias, Lynn McGrew, Douglas Hoffman, Stuart L. Richards

Absent: Jack Harned, Warren Loomis, Alison McRee, Dean Seibert

The Chair called the meeting to order at 9:22 PM after the Zoning Forum concluded for the purpose of having a short discussion about the Planning Commission's Town Report article.

It was agreed that names of past and present PC members would be deleted and that a general comment would be included thanking past members for their services and welcoming new members. It was suggested that the time frame of the article include not only the town's fiscal year but also activities and accomplishments right up to the present. Further suggestions related to plans for emphasizing public input in the Town Plan process and doing a survey to elicit public opinion.

The Chair said he would re-write and attempt to distribute a further draft for comment if that was possible, given the tight deadline.

The meeting adjourned at 9:40 PM

Submitted by,

Stuart L. Richards
Acting Secretary
