

Minutes of the Milton Frye Nature Area Committee for November 3, 2016

Present: George Clark, Phyllis Katz, Lindsay Putnam

This meeting was devoted to planning by the committee.

Potential ways of fund raising for the committee were discussed. Several possibilities for fund-raising events which might be held at the nature area were considered, and an inquiry about possible events was sent to the Recreation Department.

The committee also considered possible ways of increasing its membership. Anticipated communication with the PTO might help in recruitment.

Another possibility might be to recruit student members. Possible establishment of a committee Facebook page was also discussed.

Respectfully submitted,  
George Clark
