

The Norwich Trails Committee is to hold a special meeting from 7 to 9 PM on Tuesday March 20, 2018, at the Norwich Historical Society. This important meeting will be dedicated to work on the new mapping of town trails.

A second special meeting on mapping might possibly be held on Tuesday March 27, but details have not yet been worked out. The Historical Society has already been booked by another organization for that evening, so a possible meeting on the 27th would be held elsewhere. If a second special meeting is scheduled, an email notification is to be sent.

George Clark for the Norwich Trails Committee
