

## The Rec Report

June 3, 2019

**Tennis court resurfacing!** This is obviously not done yet. The constant rain lately has made our contractor have to hold off until there is a predicted stretch of dry, warmer weather. I will keep everyone in the loop as much as I can on this, but feel free to use them. Also, I have received a few questions about the summer River Valley Club's court rental at Huntley. Please be assured that this is the same rental agreement that we have had for years. It is stipulated within the agreement that at least one court is left open for the community at all times, and I don't think I have ever seen them use more than two at once. The only change to the court is Pickleball lines on Court #1. Please – email me directly with any and all questions. I am happy to email/call/meet with anyone who would like to know more!

**Ballard Park (formerly the Town Pool site).** The Rec Dept, Rec Council, and Trails Committee are working with Linda Cook to come up with a vision and realistic plan for this peaceful community space. We would like to see this area appreciated for its rustic tranquility and accessibility. Getting feedback from our neighbors about ways to preserve the charm and encourage more people to sit down and enjoy Ballard Park would be greatly welcomed!

**Facebook** - Norwich Recreation has a Facebook page – just type in 'Norwich Vermont Recreation' on Facebook or click here: <https://www.facebook.com/Norwich-Vermont-Recreation-2039342183035437/> . It's just been created, so really, who knows what you'll find there?

**Rentals for Huntley Meadows Pavilion and the Barrett oven** have gotten a little simpler. There is a calendar where you can view available dates – found here: <http://norwich.vt.us/recreation/>

**Summer Camps!** Some of these are filling up fast (especially the 1<sup>st</sup>- 3<sup>rd</sup> grade options) – we have also added Crafty Art Camp with the MCS Art teacher, Caitlin Eastman (August 12-16<sup>th</sup>) and another Norwich Naturalists class with Kindergarten and TimberNook teacher, Christina Wild, on June 24-28<sup>th</sup>.
