There was a problem with the Zoom access for the Committee's meeting on 8/25. This is a special meeting to ensure that the public has an opportunity to offer their insight on any of the agenda items discussed/acted upon at the committee's 8/25 meeting.

The committee will "present" the minutes of the 8/25 meeting and take public comments. After public input, the committee will determine whether or not any amended action needs to occur from those original agenda items.

The agenda and the minutes for the 8/25 meeting are both available at <http://norwich.vt.us/energy-committee/>.
