

The Solid Waste Committee will hold a brief special meeting on Zoom at 11 a.m. on Friday, November 18.

The meeting will approve a modest budgetary request to the town for ongoing projects, already under way or in the works for next year.

After informal discussions with town officials we are seeking permission from DPW to spend approximately \$500 from current funds for signs at the transfer station, and approximately \$250 from current funds for pamphlets on recycling to be handed out at the transfer station.

We are proposing to seek a line item for \$3000 next year for continuing publication of educational items on recycling. This would include about \$2000 in 2023 for a subscription by the town to the Better Bin recycling app, as is in use in Lebanon, to assist household users in sorting their recycling materials properly at home.

We believe cleaning up the waste flow at the transfer station to more appropriately sort materials will pay for itself in higher revenues and lower costs.

Questions? Call or text Jack Cushman, chair, 603-306-7017
