This in person meeting was held at the Richmond Middle School in Hanover, NH.

Members present: Pamela Smith and Priscilla Vincent

Also participating: Tony Daigle, Dresden Schools Facility Director

The meeting was called to order at 11:00 am.

The agenda was reviewed and approved; there were no public comments

With Tony Daigle, we toured the wood chip boiler system at the Richmond Middle School. This system was installed when the new school was built in 2005. It heats a space of approximately 105,000 square feet; there are 2 oil burners for back up and for the months when the big system is not needed - typically May through September. We thank Tony for the time he gave us.

Meeting was adjourned at 11:45.
