

Norwich Conservation Commission Meeting  
Draft Minutes  
November 27, 2018

In attendance: Lynwood Andrews, Courtney Dragiff, David Hobson, David Hubbard, Craig Layne, Norm Miller, Chris Rimmer, Brie Swenson

Absent: Mary Sellmann

Public: None

Commencement: 7:08pm

Approval of October minutes was moved by Courtney Dragiff, seconded by Chris Rimmer, and approved unanimously.

The commission discussed publicly-available data to include on a map showing the interaction between conservation and recreational priorities in Norwich. The map will inform a discussion with the Trails Committee in early 2019.

Craig Layne reported on the rural roadside ash inventory project and the Vermont Forest, Parks and Recreation training session in October. The commission will collect a preliminary dataset to present to the selectboard by sampling the roadside ash along Union Village Road.

The commission is putting together its 2018 report for the Town of Norwich.

Courtney Dragiff reported on a meeting with the Orianna Society, a reptile and amphibian conservation organization with some projects underway in Vermont.

Meeting adjourned at 8:40pm.
