

RFP - Snowplowing Assistance – Winter 2026-27

Questions and Responses, 8-28-26

- 1) Will the contractor be required to have a wing or will the town be responsible for pushing back snowbanks? **Yes, a wing on vehicles would be necessary.**
- 2) Is there a minimum GVWR of the plow trucks, i.e. 19,500#? **There is some uncertainty on this GVWR spec. A 1-ton truck at minimum would be required.**
- 3) Is there a minimum spreader capacity, i.e. 4 cubic yards? **4 cubic yards would be appropriate.**
- 4) Are contractors required to provide an equipment list? **Yes.**
- 5) Will the contractor be required to apply sand between storms to address slippery spots, freeze/thaw issues, etc.? **Yes, as needed to appropriately maintain safe conditions.**
- 6) Will the contractor be allowed to stage equipment at the town garage? **Yes.**
